Where we have categorised you other than as a 'retail client', you may request re-categorisation under a client category which benefits from a higher degree of protection. However, we reserve the right to agree to such a re-categorisation on a case-by-case basis, and where we agree to do so it does not necessarily mean that you will have a right of access to the Financial Ombudsman Service.

OBJECTIVES & RESTRICTIONS

Following the issue of this document, any subsequent advice or recommendation offered to you will always be in writing and based on your stated objectives, agreed level of risk you are prepared / able to take and any restrictions you wish to place on the type of investments or policies you are willing to consider. Details of your stated objectives will be identified during our discussions with you and confirmed within the suitability report that we will issue to you to confirm our recommendation(s). Unless confirmed in writing, to the contrary, we will assume that you do not wish to place any restrictions on the advice we give you.

CLIENTS RISK

You are advised that because investments, pensions and the income they produce can fall as well as rise, you may not get back the full amount invested. Past performance is not a guide to future performance.

WHAT TYPE OF SERVICE WILL WE PROVIDE YOU WITH?

Independent advice – We will advise and make a recommendation for you after we have assessed your needs. Our recommendation will be based on a sufficient range of retail investment products, financial instruments and structured deposits.

A 'sufficient range' means that the products that we will advise on and recommend will be sufficiently diverse with regards to their type and issuers or product providers to ensure that our clients investment objectives can be suitably met.

Or

No advice – You will not receive advice or a recommendation from us. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

Discretionary services - We may, where appropriate, recommend holding some, or all, of your investments with a discretionary fund manager (DFM), a professional investment manager appointed to monitor your portfolio and make investment decisions on your behalf.

In such cases we will outline, in writing, the respective responsibilities of ourselves and the DFM in relation to your portfolio.

In some circumstances we may need to act as your 'agent' in relation to the part of your portfolio held with a DFM.

This means that you won't have a direct contractual relationship with the DFM and the DFM will instead treat our firm as its client. Before setting up this type of arrangement we will outline any implications to you in writing.

For insurance-based investment products we are an insurance intermediary that is acting on your behalf when delivering our services to you.

HOW WE CHARGE YOU FOR OUR SERVICES

You will typically pay for our services on the basis of an adviser charge.

We will discuss your payment options with you and answer any questions you have. We will not charge you until we have agreed with you how we are to be paid.

We will discuss with you the basis of our charges, based on the types(s) of work we are asked to undertake for you.

We will discuss with you when you will have to pay our charges, both initial and ongoing.

Unless stated otherwise, all charges quoted are inclusive of expenses, disbursements and VAT where applicable.

If the initial adviser fee is payable directly by you, settlement is due on completion of the work. If the adviser fee (initial or ongoing) is payable via the provider on behalf of the client, settlement is due as per their normal payment terms.

Advised services

For our advised services, you will normally pay us via an adviser charge agreed prior to proceeding.

Initial advice service

Our initial advice will be appropriate for you, based on your requirements and circumstances at that time. We will not ensure that any initial advice remains suitable for you at a later date, unless you select to receive ongoing services from us.

Ongoing services

In addition to our initial advice services, we will expect to undertake further services on an ongoing basis. Details of our ongoing services are detailed later within this document.

You may at any time cancel an ongoing service by serving your notification of cancellation to us in writing. Upon receipt of your cancellation notice for an ongoing service we will arrange for any future payment of any associated charges to cease.

WHAT WILL YOU HAVE TO PAY US FOR OUR SERVICES?

Our typical adviser charges are noted overleaf. The exact amount may be more or less than this but will be specifically agreed with you based on the work you ask us to do for you.

Please note that as the investment amount increases, your ongoing charge may also increase, conversely as the investment amount decreases, your ongoing charge may also decrease.

We will confirm the actual adviser charges in writing before providing chargeable services to you.

You may ask us for an estimate of how much in total we might charge for any service(s) provided. You may also ask us not to exceed a given amount without checking with you first.

THE COST OF OUR SERVICES

We will tell you how we get paid and the amount before we carry out any business for you.

Payment for initial advice services

Before we provide any services to you, we will gather information about your circumstances and needs and establish preliminary courses of action. We will not make a charge for this.

The following table outlines the typical services we offer, what would be provided as part of each service and an indication of the costs.

Where you require advice or services that falls outside the list of services outlined below, please contact us to discuss your requirements and for details of indicative costs.

It is in the interests of our clients and Lowes Financial Management Limited that we obtain the best possible result when placing orders with other firms (e.g. third-party brokers) for the execution of client orders or when transmitting orders on behalf of clients for particular investments – e.g. shares. We are required under the Rules of the Financial Conduct Authority to take all sufficient steps to provide 'best execution' when carrying out such transactions.

Where we place or transmit orders for such investments on behalf of our clients, we may utilise the services of a third-party broker and base our decision to place or transmit an order on the price and cost of execution of the order. For orders in collective investment schemes (e.g. unit trust), however, the price of units or shares in the scheme is normally set by the scheme operator or manager and as such we have little influence over the price available.

Full details of our best execution arrangements are provided in our Best Execution Policy, a copy of which can be provided on request.
